MONOTHEME

AN INNOVATION IN PERSONAL CARE

MONOTHEME PUSH! is a new and completely innovative soap cream. Thanks to its particular pumping system, the product emerges using no gas as a ready-to-use mousse: a rich foam with no need to wet the skin first!

PUSH! is perfect for hands and face, thanks to the hydrating, softening and nourishing properties of its ingredients. Its fragrance is very pleasant and not at all invasive.

C L I N I
C A L L Y
T E S T E D

PUSH! is suitable to the most sensitive skins because it carries the guarantee of the University of Ferrara's specialist Department, which only allows those products that pass with full colors its stringent dermatological tests to be labeled 'clinically tested'.

pH
5,5

PUSH! does not alter the skin's lipid balance and its special formula ensures effective cleansing while respecting the skin's natural pH.

Displaying **PUSH!** at points of sale.

To ensure the right visual impact of the product and enhance the appeal of the bottle's design, it is advisable to place it on the shelves in a minimum of three rows.

Promotional material:

Board for window display (22x30,7 cm) and window bill (45x55 cm)
